

Doctors! We Need You

to Review Order Sets (PowerPlans)

1

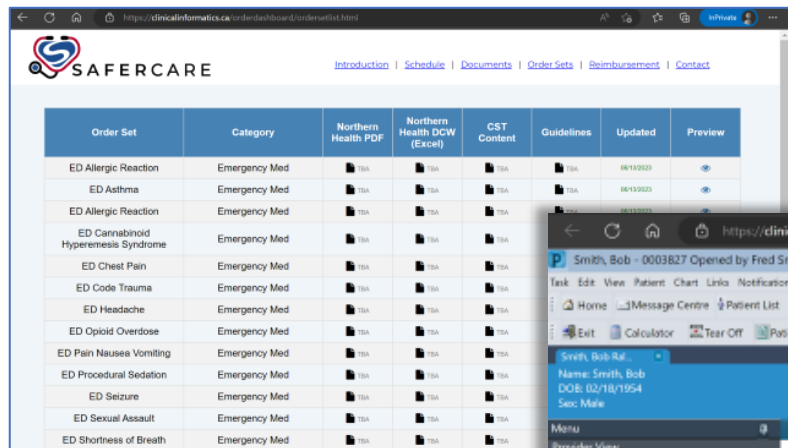

We are implementing computerized provider order entry (CPOE) and need to review 400+ order sets over the summer (June, July, and August 2023)

2

Every order set needs physician review and approval by Northern Health FRCPC, FRCSC, CCFP, ABMS, and other BC-licensed physicians

3

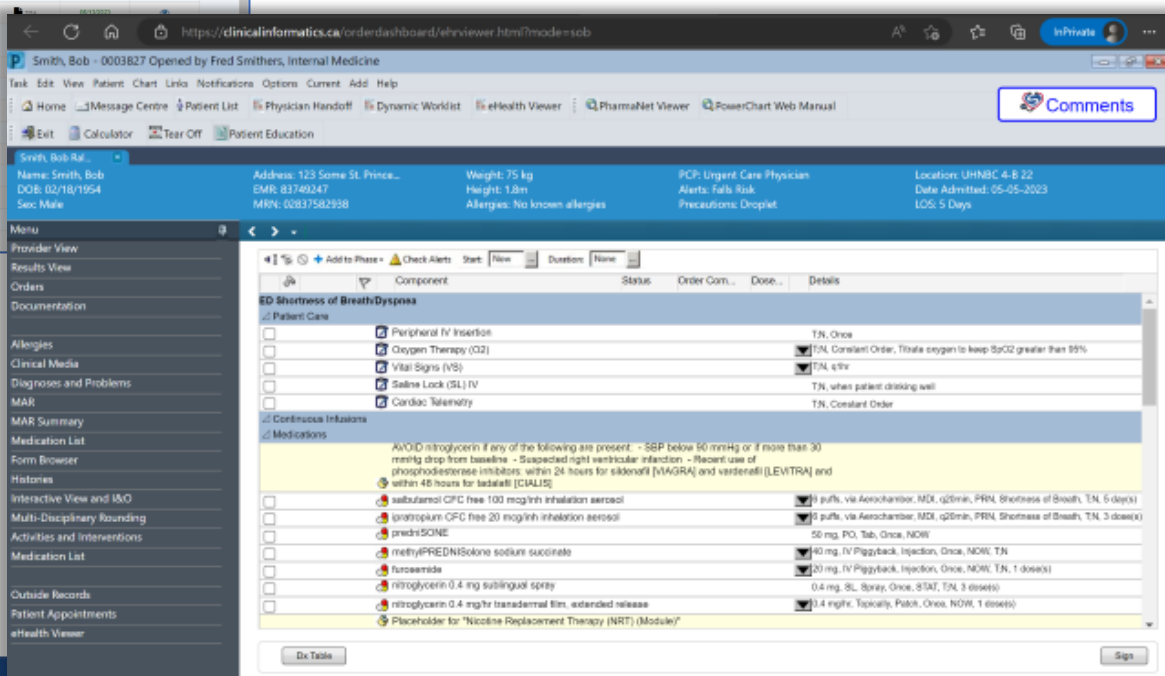

You can review online or in person and be compensated for your time!

Order Set	Category	Northern Health PDF	Northern Health DCW (Excel)	CST Content	Guidelines	Updated	Preview
ED Allergic Reaction	Emergency Med					06/15/2023	
ED Asthma	Emergency Med					06/15/2023
